

Special Events

I do many weddings every year and each one is more fun than the last.

I am also available for anniversaries, graduations, birthdays... or any occasion!

rate for different time...
travel charge may apply for location

You may have the full program from the ceremony through the dance or customize... if I will be playing music for the ceremony, please make sure I am available for the rehearsal date. Please note that your reserved date will be finalized upon payment of \$100 deposit and will be removed from availability at that time. My wife Carla will contact you at your convenience to discuss the plans for your music.

These Saturdays are currently available... of course, if you are planning another day and you have questions, please feel free to call as regular club bookings can be altered.
